- Parish Council meeting on **Wednesday, February 01** at 7pm in the office.

Dear brothers and sisters in Christ,

A parish that is alive is a parish that grows and celebrates together all the seasons of life. Our parish can be one that grows and flourishes, if that is what we hope for – but only if we are willing to take an active role in enabling that growth.

We are a multi-cultural community, with people from all over the world making up the parish as a whole, but I wonder if we really celebrate that diversity in the Church. It has been brought

to my attention that at one time the parish had a monthly breakfast and other celebrations in the hall; what happened to them? Do we want to bring them back?

When I first came to the parish, I wanted to see a weekly coffee after Sunday Mass. It happened twice. If we want to grow as a parish community then we need to become passionate about our parish family and make things happen. I would like to have parish meeting sometime in the next month or two that parishioners will come to and share their thoughts on how we can grow together as a community of faith.

I have no interest in discussing finances or things that “won’t” work; ideas, new or old can be discussed, let’s see where we can go from here.

In Faith,

Fr. Jim

Pastor.

Rachel's Corner

“God takes pleasure to see you take your little steps; and like a good father who holds his child by the hand, He will accommodate His steps to yours and will be content to go no faster than you. Why do you worry?”

World Day of the Sick (February 11, 2023)

Earlier this week, the Vatican released [Pope Francis' message for the 31st World Day of the Sick](#), celebrated each year on February 11, the liturgical memorial of Our Lady of Lourdes. The Holy Father's message is entitled: "**Take care of him**" - *Compassion as a synodal exercise of healing*. In light of the Church's synodal journey, Pope Francis invites us "to reflect on the fact that it is precisely through the experience of fragility and illness that we can learn to walk together according to God's style of closeness, compassion and tenderness."

The World Day of the Sick resonates well with the recent CCCB publication on palliative care entitled [Horizons of Hope](#) which highlights the Compassionate Community approach. It may be a good opportunity to encourage the faithful to discover this program at the local level.

In addition, the CCCB Office for Family and Life has gathered and developed some resources to promote the World Day. A Google Drive folder is now available to support communications in your diocese/parish. The folder includes the CCCB press release that will be issued later today, the Holy Father's message, a video on the experience of accompanying a loved one through palliative care, graphics for social media and prayers for families and parishes.

You are invited to share the link below with your diocesan network and those that could benefit from the tools:

In English: [Communications Toolkit - World Day of the Sick](#)

In French: [Trousse de communications – Journée mondiale du malade](#)

Our thanks to our corporate sponsors who support our parish through weekly advertising in our bulletin and on our public website! Please support these community minded businesses.
